

Report of Automotive World Tokyo 2026

Jan-29.2026

Kikuchi Gear Co.,Ltd

KIKUCHI GEAR exhibited at “Automotive World Tokyo 2026,” held at Tokyo Big sight from January 21 to 23. Over 300 customers of 200 companies visited our booth in 3 days, it was a very successful event for us. We sincerely appreciate all our customers for visiting our booth once again.

Automotive World is an exhibition primarily focused on the automotive industry; however, our booth attracted visitors from a wide range of industries. In addition to automotive-related companies, visitors included those from construction machinery, aerospace, machine tools, industrial machinery, shipping, home appliances, and trading companies ,etc.

With a lot of overseas visitors, we were able to clearly recognize the strong international interest. KIKUCHI's high-precision gear products and custom-made reducers generated significant interest, and we received numerous questions, inquiries and specific requests.

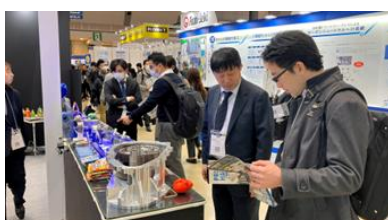

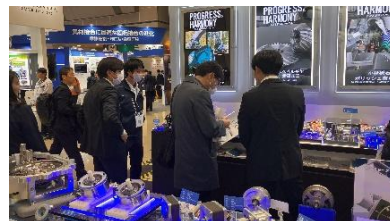

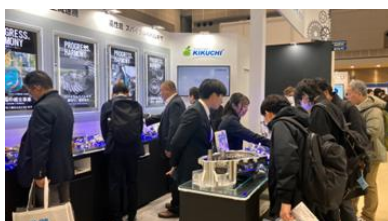

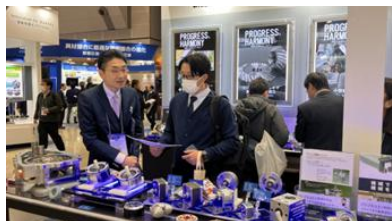

KIKUCHI GEAR is engaged in three businesses as providing total gear solutions.

1. Gear manufacturing / Prototyping, mass production, production support
2. Unit manufacturing / Assembly, parts machining
3. R&D / Gear design and evaluation, unit (reducer) design and testing

KIKUCHI GEAR will continue to make every effort to meet our customers' expectations, we sincerely appreciate your continued support and patronage.
